A Patient With a Mission

Carolyn K. is a 49 year old woman from Marble Hill, MO (in the Cape Girardeau area). She felt a lump in her breast and immediately went to a 24 hour clinic where she had a mammogram and an ultrasound. Diagnosis: Breast cancer-Stage 2! She was uninsured and needed assistance in receiving the necessary comprehensive breast cancer treatment.

Unfortunately she did not qualify for Show Me Healthy Women. Thankfully, a staff member in the doctor’s office had learned of Gateway to Hope via a news report. She referred Carolyn to us and she became our patient. The first step was to receive neo-adjuvant chemotherapy at Missouri Baptist Cancer Center to shrink her tumor. Carolyn then underwent a mastectomy and lymph node sampling at St. Luke’s Hospital and will soon be undergoing radiation therapy at St. Luke’s as well.

Carolyn can’t get over the treatment she has received... not just the medical treatment but also the caring attention. Chris Lyss, her nurse, called frequently to see how she was doing which was greatly appreciated. In fact, Carolyn simply can’t get over what GTH has done for her and the style in which we have done it.

Her professional background is very impressive. Carolyn has a Master’s Degree in counseling. For seven years she was a Professor of Missions and Counseling at Wesley College in Florence, Mississippi. Currently she works for an organization called Light and Darkness which rescues girls who have been forced into dangerous and untenable situations.

Just before her diagnosis she was promoted to a position involving rescuing girls globally in 52 countries. This position is being held for her until she completes her breast cancer treatment. Carolyn beamed as she said, “And then I’ll have insurance. I can’t wait to give back to Gateway to Hope; they have done so much for me.” Carolyn is, indeed, a woman on a mission!
Message From the President:

First of all, I want to wish everyone a Happy and Healthy 2012. I hope you each achieve your personal dreams and goals for the coming year. This past year has been a WOW year for Gateway to Hope. To say we’ve been busy would be a major understatement. More people are aware of us — both potential patients and potential donors. In 2011 we treated a whopping 94 patients which gives us a total of 266 for the six years we’ve been around. (Remember when the goal was one patient a month. That would equal 72 patients in six years. Thank goodness we didn’t limit ourselves to our original projection.)

The easiest way to let you know everything that has happened is to give you a month-to-month rundown.

January
– Susan Bushnell, Director of Development was hired.
– Young Friends held Cheers to Life at Kim Massa’s family’s restaurant featuring a wine and beer tasting. Food was donated by Massa’s.

February
– We celebrated our 5th birthday with a We Luv U open house attended by many of our Partners and Providers and friends.

March
– Expansion meetings began under the leadership of board members Susan Sullivan and Laura Silver.

April
– Cyndi Stotler was hired as Program Nurse Manager
– GTH was chosen by GO! St. Louis as one of the charities that would receive the dollars raised from our team. We had 42 runners and have once again been chosen for this year’s race. (Keep your New Year’s resolution for getting fit and join our team!)

May
– KMOV media partnership was initiated.

June
– Komen Race for the Cure chaired by Sue Lesser and Chantelle N. (a GTH patient) over 300 participants on the GTH team.

July
– Gateway to Hope Golf Tournament was successful with 140 golfers -- a full house (on what was probably the hottest day of the year).

August
– Stacy Abeles hired as Director of Special Events.

September
– Meetings held with American Society of Plastic Surgeons to discuss GTH expansion.
– Fashion event held at Neiman Marcus.
– MLR Golf Tournament held at Forest Park with GTH recipient of the proceeds.

October
– Key to the Cure held at Saks Fifth Avenue.

November
– KaleidoHope’s HOPEus Pocus attended by 242 guests.

December
– Treated 3 new patients bringing our total number to 266.

I know you already read that at the top of this article, but it’s so important I couldn’t resist repeating it.

So we have our work cut out for us if we are to surpass this year’s accomplishments. But with all of you behind us and with the continually increasing patient load, we must accept the challenge ahead. We just can’t let someone down who has been diagnosed with breast cancer who does not have the resources to get treatment.

So let’s make 2012 our best year ever! Thanks for all your caring and your help.

Diane Gallant

Gateway to Hope Steps Up for the Cure

Patients and Community Supporters:
Get your walking shoes laced up to race against Breast Cancer!

Join the Gateway to Hope team for the 2012 Komen St. Louis Race for the Cure® on Saturday, June 23. Our team was over 250 strong in 2011 and we anticipate an even larger showing this year. Gateway to Hope is proud to be a recipient of funding from the St. Louis Affiliate of Susan G. Komen for the Cure. We are grateful for this longstanding partnership. GTH team co-captains are patient extraordinaire, Chantelle N., and Gateway to Hope board member, Sue Lesser.

If you are interested in joining the Gateway to Hope team, please visit the Special Events page of our website for a link to register online.
Partner Extraordinaire: Thomas M. Vesely, MD

When Dr. Thomas Vesely received a call out of the blue from Dr. David Caplin asking him to donate his services to GTH, he immediately agreed. “I didn’t know Dr. Caplin and did not know anything about GTH prior to his call. I agreed to help during this initial call because I just want to be able to help people. It’s all about the patient. It was just so easy to say yes.”

And “yes” is what Dr. Vesely has been saying to GTH ever since. Dr. Vesely uses his surgical skills to place ports in GTH patients. To date, Dr. Vesely has treated more than 10 GTH patients.

Dr. Vesely is board certified in Interventional Radiology, Vascular Radiology and Diagnostic Radiology. His practice, the Vascular Access Center of Frontenac Grove is a part of St. Luke’s Hospital. St. Luke’s Hospital has granted generous access to Dr. Vesely to allow him to perform port placement for our patients.

To Dr. Vesely, treating a GTH patient is identical to treating any other patient. In fact, Dr. Vesely stated, “I told my staff not to identify the GTH patients to me. In my practice my goal is to treat everyone the same by taking the needed time to meet, explain the procedure and provide quality care.”

A Promise Made. A Promise Kept!

April Levison and Michelle Levison Rosch have been the closest of friends for years, well before they became sisters-in-law. Their story shares the unexpected turns in life, one amazing gift and how their bond will continue to grow for years to come.

At 27, Michelle and her husband, Mike, were thrilled to be expecting their first child. Near the end of her third trimester, Michelle felt a lump in her breast. Her mother had been diagnosed twice with breast cancer so Michelle understood the importance of acting quickly. Her fears were confirmed when testing revealed that she had an aggressive form of the disease.

A month before her due date, Michelle was induced so that she could begin treatment for her breast cancer. She delivered a healthy baby boy, Aiden. One week later, she had a double mastectomy. Due to the nature of her cancer, and the increased risk a second pregnancy would bring, Michelle’s doctor recommended she harvest her eggs prior to starting chemotherapy and radiation.

At first, Michelle had doubts. Any reservations vanished when her sister-in-law, April, made an astonishing offer: “I’ll carry your next baby for you!”

After Michelle digested the magnitude of April’s suggestion, she reconsidered and decided to harvest her eggs.

April is married to Michelle’s brother, Matthew. At the time, they had young twin boys, Cole and David. She was thrilled at the prospect of being a surrogate for Michelle and Michael; however, she became pregnant and gave birth to her third child, Spencer, who is now 18 months old.

With April and Matthew’s family complete, the two couples agreed that the timing was right to move forward. Although the first procedure was unsuccessful, the second time was a success. The families were overjoyed to learn they were expecting not one, but two babies!

Michelle says, “There is a deep connection not just between April and me but between all four of us. It’s hard to put into words what we feel for each other. Even if this process hadn’t worked, I would have been glad that we tried. It has been an extreme experience for each of us. In fact, we will all be in the delivery room when the babies are born. April gave me hope and made my dream come true. The most amazing thing is that April doesn’t think what she is doing is a big deal.”

The babies are due this summer; just in time for the annual MLR Open. Started in Michelle’s honor, the MLR Open is a golf tournament that benefits Gateway to Hope. Coordinated by the Levison family, the tournament raises funds to help support the mission of Gateway to Hope and provide assistance to individuals with a breast cancer diagnosis. Gateway to Hope is honored to continue to partner with Michelle, April plus their families for another fantastic tournament in 2012. Plus, we can’t wait to meet the newest family members!
Lots of Tricks and Plenty of Treats at KaleidoHope Presents:

HOPEUS POCUS

On Saturday, November 19, 2011 more than 250 people magically appeared for our second annual KaleidoHope. Co-chairs Roberta Gartenberg and Peggy Musen, along with their hard-working committee, did a magnificent job of transforming the Palladium Saint Louis into an exquisite venue complete with a strolling magician and stilt walker. Disappearing cocktails and delectable treats were presented by a cloaked catering staff as attendees enjoyed an eloquent program and a jaw-dropping performance by illusionist Michael Barron.

Guests were not only able to mix and mingle with one another but also with the many partners, providers, and board members in attendance, as well as a few Gateway to Hope patients who represented the organization beautifully as event ambassadors and volunteers. Celebrity emcee Robin Smith guided attendees through the evening, which included messages from Executive Director, Cindy Frank, and Board President, Diane Gallant. Patient Chantelle N. brought the audience to tears while sharing her personal story and the impact that Gateway to Hope has had on her life and her future.

The evening also included a wildly successful Fund the Need facilitated by our engaging auctioneer, Dave Schumacher, as well as oral and silent auctions. One lucky attendee even left the event with a spectacular Cartier watch generously donated by Simons Jewelers.

KaleidoHope was a tremendous success but would not have been possible without the generous contributions of our sponsors:

Hypnotic Heroes - $10,000
- Harvey Kornblum Foundation
- Moneta Group

Magic Wand Wavers - $5,000
- Enterprise Holdings Foundation
- Missouri Professionals Mutual (MPM)

Abracadabra Contributors - $3,000
- The Emerson Hermetic Motor Division
- Roberta Gartenberg and the Schriber Family Supporting Organization

Spellbound Supporters - $1,500
- Fifth Third Bank
- Barbara B. Goodman
- The PrivateBank

The third annual KaleidoHope event will take place on Saturday, October 27, 2012 at the Palladium Saint Louis. Be sure to save the date for another captivating evening.
On Your Mark... Get Set... GO! Team Gateway to Hope

Gateway to Hope is proud to have been selected again as a charity partner for the GO! St. Louis Marathon & Family Fitness Weekend, April 14-15, 2012. You can support the team by participating as a runner or making a contribution to the team.

Lace Up Your Shoes and Sign Up to Run with Team Gateway to Hope
- Visit the Upcoming Events page on www.gthstl.org.
- Click the JOIN THE GATEWAY TO HOPE TEAM TODAY! to register for the race.
- Set up your fundraising page on Crowdrise and ask family, friends and colleagues to donate.

Not in Running Shape? Support our Team!
- Gateway to Hope friends can support the team by making a donation to help our runners meet their fundraising goals.
- Visit www.crowdrise.com/gthstlgo2012 and select a runner to support or donate to the team (Don't forget to check with your employer to see if they will offer a matching gift).
- Contact the Gateway to Hope office to learn about race weekend volunteer opportunities.

Hats Off to the St. Gerard Majella Quilters

The “We Love You, Ginny” project began about 10 years ago when one of the St. Gerard Majella Quilters had major hair loss as a result of cancer treatment. This compassionate group wanted to help their friend get through a difficult time as easily as possible. They found simple directions online for cancer turbans which the group calls cancer caps. At first they used their own fabric – or purchased it – and only made the caps for Ginny.

Then the quilters realized that they should expand their market and reach out to treatment centers, oncologists’ offices, and wellness centers. Recently they proudly added Gateway to Hope to their list of recipients. GTH patients love receiving them! The cancer caps have become a real fashion statement.

The group has made and distributed about 2,500 hats. Recently they’ve expanded to include matching scarves for the chilly spring months ahead.

If anyone is interested in joining the group or wants help in starting their own, call Jan Hinkebein at 314-821-1562.

St. Gerald Majella quilters hard at work.

Grants and Awards Help GTH Patients in 2011

Gateway to Hope extends our deepest gratitude to the following organizations and foundations for their generous support:

St. Louis Men’s Group Against Cancer
St. Louis Service Bureau
Sign of the Arrow
Spirit of St. Louis Women’s Fund
Susan G. Komen for the Cure, St. Louis Affiliate
Volunteer Service Council
William T. Kemper Foundation

Bland Family Foundation
Commerce Bancshares Foundation
Employees Community Fund of Boeing
Fischer-Bauer-Knirps Foundation
Harvey Kornblum Foundation
Horncrest Foundation
Missouri Foundation for Health
Pott Foundation

To learn more about these generous grantors, please visit www.gthstl.org, where you can find links to the organizations that maintain websites.
**Wedding Inspires the Gift of Giving**

When Doris Zinn started planning her daughter Lori’s upcoming wedding, she knew she wanted to acknowledge the love and hospitality of her friends by doing something special. What greater way to show appreciation to her loved ones than to give them the gift of giving. With that in mind, the Zinn family made a donation to Gateway to Hope. Then, Doris used her creative talents to create special packages for each of her friends that allowed them to share the gift by including tribute envelopes in each package and encouraged them to use them to recognize people and special events in their lives. Since the September wedding of Lori and Mike Allen, Gateway to Hope continues to receive tributes from many of the Zinn family’s loved ones who continue to give as part of the Zinn’s special gift.

---

**That’s What Friends Are For**

We are very grateful to the following businesses, organizations and communities for selecting Gateway to Hope as the beneficiaries of their fundraising events:

- **Abeles and Hoffman, P.C.**: Thank you to the employees of Abeles and Hoffman for selecting Gateway to Hope as a beneficiary of their Blue Jeans for Charity fundraiser.

- **Allure Salon**: Thank you to the staff of Allure Salon for their help in raising awareness and funds for breast cancer. During a special promotion, they provided their clients with pink hair streaks and donated the proceeds to Gateway to Hope.

- **Brighton Collectibles - St. Louis Galleria**: Thank you to Sharon Druker, Shelley Gilbert and their associates for selecting Gateway to Hope as their charity of choice for their breast cancer bracelet promotion. Gateway to Hope received a portion of the proceeds from the sale of 2011 Power of Pink Bracelet during the month of October.

- **“Dress for the Cure” in Marquand, Missouri**: Thank you to Allison Boyer and the citizens of Madison County for supporting GTH patient, Donna S. by hosting a costume party to benefit Gateway to Hope over Halloween weekend.

- **Hard Rock Café**: For the fifth consecutive year, Gateway to Hope was the beneficiary of the Hard Rock Café’s Pinktober events. This year’s event featured a concert and select merchandise sales on two different days in October. Thank you to Tara Ashbaker, Christy Lambert and Cheryl Zinnrich from the Hard Rock Café for making this year’s event another success.

- **Holeshots**: On Saturday, September 17, 2011 Holeshots in Dittmer, Missouri opened their doors for a fundraiser to benefit Gateway to Hope in honor of GTH patient, Diane D.

- **Lincoln County Medical Center Breast Cancer Walk and Dinner**: Thank you to Lee Ann Henebry, Mandy Hoffman, Ashley Cobb and the rest of their committee for a fantastic walk and dinner in October to raise funds for Gateway to Hope. Over 200 people came out to support GTH and proudly wear their pink at the annual Positively Pink Breast Cancer Events.

- **Longaberger Horizon of Hope Fund**: Gateway to Hope was the beneficiary of the recent Longaberger “Hope is on the Horizon” Luncheon and Auction. Thank you to Annamarie Sullivan and the area Longaberger consultants for their generous gift.

- **Miche Bag of St. Louis Metro**: Joyce Cannon and area Miche Bag consultants made a generous donation to Gateway to Hope at the end of the year from funds raised through their Hope Program in 2011.

- **National Mah Jongg League**: Thank you to Terri Schnitzer for choosing Gateway to Hope as the recipient of proceeds from the sale of 2011 Mah Jongg cards.

- **Neiman Marcus**: Gateway to Hope was front and center at one of the hottest events in town thanks to Neiman Marcus. During the annual Fashion’s Night Out event, Gateway to Hope had a display and raffled off a Neiman Marcus gift card. Proceeds from the raffle benefited Gateway to Hope.

- **St. Louis Rams and Quintin Mikell**: GTH patients and staff thank the St. Louis Rams and Quintin Mikell for their donation of 75 tickets to the Rams’ game on Sunday, October 2. Patients and their families were treated to the game and lunch to help kick off Breast Cancer Awareness Month.

- **Think Pink Raffle**: Thank you again to local Longaberger Consultant Colleen Kempfert for hosting her annual Think Pink raffle to benefit Gateway to Hope. Colleen’s ongoing support of GTH through the years is greatly appreciated.

Thank you all for your hard work and dedication to Gateway to Hope!
Key to the Cure “Passport to the Cure”
On Wednesday, October 19 close to 200 fashionable attendees boarded “Flight 1019” for the annual Key to the Cure event held at Saks Fifth Avenue.

This year’s theme was “Passport to the Cure” and everything from the printed invitations to the “tickets” guests received at the door encompassed the travel motif.

Attendees sampled delicious hors d’oeuvres from some of the area’s premier restaurants and caterers, while enjoying a variety of beverages. Saks holds this event nationally to promote awareness of women’s cancers. The St. Louis event benefits Gateway to Hope and the Siteman Cancer Center.

Thank you to Saks Fifth Avenue for including Gateway to Hope for the sixth consecutive year. Kudos to our chairs Katie Trout and Victoria Spielberg, and to all of our volunteers for their hard work and dedication to ensure another successful event!

A Winning Tournament With a Lot of Love

Never has the importance of family and friends been more evident than at the 4th Annual MLR Open Tournament. This year’s golf tournament, named for breast cancer survivor Michelle Levison Rosch, was held at Forest Park on September 23, 2011. Many travelled to St. Louis for the tournament not just to golf and volunteer but to support Michelle, her husband, Mike, and both of their families who are St. Louis based. The fabulously fun event includes a seated dinner post-tournament and a very lively auction. This year included a surprise video montage of friends and family singing “To Life” from Fiddler on the Roof in honor of the tournament’s namesake, Michelle, which was very creative and heartfelt. Gateway to Hope has been fortunate to be the recipient of the tournament’s fundraising efforts for the past few years. We can’t wait for this year’s tournament on Saturday, September 15, 2012! SAVE THE DATE!

Introducing Stacy Abeles
Gateway to Hope is proud to welcome Stacy Abeles to the organization as Director of Special Events.

A St. Louis native, Stacy holds a degree in political science from Indiana University and a certificate of event management from the George Washington University School of Business. She has over 10 years of experience in event planning and development and spent five years of her career working in the non-profit sector.

“Working at Gateway to Hope allows me to give back to the wonderful community that I grew up in and that I love. I know so many people who have been affected by breast cancer and it’s wonderful that there is a resource, like Gateway to Hope, available to those in our area. I continue to be amazed by the lifesaving treatments provided by our partners and providers, as well as the social services support, available to Gateway to Hope patients. The fact that all of the services are available at no cost is truly amazing.”

Stacy joined Gateway to Hope during the height of planning for events related to breast cancer awareness month, along with the second annual KaleidoHope gala. “I’m eager to jump in with both feet. There is a significant volume of events that I will plan and execute along with the support of our lay leadership; from GO! St. Louis to the Komen Race, to the Par Excellence Golf Tournament, KaleidoHope, along with all of the Young Friends Committee events, that will keep me more than engaged. I can’t wait to get started!” Gateway to Hope shares Stacy’s excitement and looks forward to a creative and productive relationship.
Thelma’s Gift Serves 87 GTH Patients in 2011

Thelma May Muskin’s memory lives on through the many patients who received assistance through Thelma’s Gift. In 2009, Thelma’s family established this special fund in her memory.

**Thelma’s Gift provides:** medical insurance assistance, rent or mortgage payments, utility payments, transportation, prescription and non prescription medications, childcare and many other necessities of life that our patients are unable to afford during their treatment.

In 2011, of the 94 patients that came through our doors, 87 patients utilized the assistance provided through Thelma’s Gift. As more and more women who have no other means to obtain treatment become GTH patients, the need for assistance through Thelma’s Gift has grown dramatically. With the downturn in our economy, we anticipate the need to climb this year.

**How you can help:** Please donate to Thelma’s Gift. Your gift will enable GTH to provide our patients with the necessities of life during the course of their treatment. Without the aid provided by this fund, patients will be left with stress and uncertainty as they struggle to cover their monthly living expenses.

Thelma Muskin was a generous GTH supporter who knew all too well what a difficult battle our patients fight. Please help Thelma’s memory live on by making a donation to Thelma’s Gift. Your gift will impact our patients’ lives and allow them to continue to focus on Healing, Health and Hope.

**General Donations from August through December 2011**
